

“Our recent partnership with Dan Cockerell has been a uniquely fulfilling experience. For 35 years, the cornerstone Mader Southeast’s success has been a commitment to regularly re-evaluating how we manage our business operation. Working with Dan provided our team with an opportunity to renew our commitment to the protocols that have produced results, while adding a new perspective that promotes diverse ideas and innovative management.”

When Dan was invited to share his thoughts on management and leadership with our YPO group, we knew we would get some great, useful content stemming from Dan’s 20 plus years as a Disney Executive. We also got a great story teller in the Walt Disney tradition. Many of our members echoed the same thoughts- it is Dan’s down to earth presence, his genuine sincerity in his message and in helping the group, and his rare ability to use storytelling to bring the lessons learned to life. Our group came away with relevant, actionable content that was deeply insightful.

“Dan Cockerell presented the most memorable keynotes of our conference series this year, not just once, but multiple times from Park City, Utah, to Bangkok Thailand and Monte Carlo, Monaco. Dan shared compelling anecdotes and important messages that everyone could connect with. Attendees and subsequent panelist referenced his messages on clarity, collaboration, and humility.”

Dan was the keynote speaker at the Canada Awards for Excellence gala luncheon on November 5th, 2019 attended by 450 business delegates. His 45 minute presentation was very well received and 96% of attendees who completed an evaluation rated his presentation as either "excellent, great or very good". Dan was engaging and his message was right on point with our theme: "Excellence Made Possible". I would highly recommend Dan as a speaker to anyone looking to gain Dan's insights from his 20+ years of experience at Disney rising from a parking lot attendant to Vice President, and anyone who wants to learn Disney's "secrets of success".
